Foreword

Dear Parent/Carer

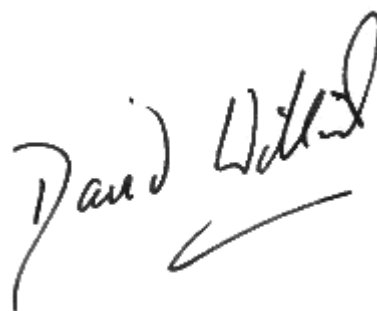

The Childcare Act of 2006 removed the legal distinction between childcare and nursery education for young children aged 0-5. The term 'early years provision' means the provision of a combination of early learning, care and development for a young child.

This guide is intended to provide you with the essential information you need in order for you to access the free entitlement to early years provision for your child. The current entitlement of 15 hours per week for 38 weeks of the year is available for all three and four year olds and can last for up to two years, until your child reaches statutory school age. Some two year olds are also entitled to access this provision.

We hope that this guide will help you to find a place which is right for your child so that he or she will have the best possible start in life and fulfil their potential.

**Councillor
Claire Vasey,**
Cabinet Member
for Children and
Young People's
Services

David C. Williams,
Corporate Director,
Children and Young
People's Services

Introduction

General Information

The County Council recognises how important it is for children to have access to pre-school experience because involvement in high quality early learning, care and development has been proven to lead to better educational and social outcomes for all children.

Parents want the best for their children and are the best judges of their family's needs. High quality early years provision is vital to the needs of families and provides parents with choices about how to balance work and family responsibilities.

We have a legal duty to manage the provision of the free entitlement, to monitor local demand, take-up and quality and to encourage and support the delivery of the free entitlement from a diverse range of providers.

What is Free Early Years Provision?

All three and four year olds in England are entitled to free, part-time Early Learning, Care and Development. It lasts for up to two years, until children reach statutory school age. Children can currently attend on a part-time basis for 15 hours a week, for 38 weeks a year which can be taken flexibly over a minimum of three days with up to two providers. Some two year olds are also entitled to access this provision.

Free Early Years Provision places are provided in a variety of settings, including childminders, nursery schools, nursery units, children's centres, playgroups and day nurseries. Parents cannot be charged for any part of the minimum free entitlement either directly or indirectly and they can access as little or as much of this as they choose.

Some settings also provide childcare before or after the free Early Years Provision session, which parents can choose to take up and pay for.

When does my Child Qualify for the Free Entitlement?

The details below apply to all Early Years Provision settings within County Durham.

Child Born Between	Term of Eligible Entry
1 April - 31 August	September intake
1 September - 31 December	January intake
1 January - 31 March	April intake

Please note that some maintained settings make provision from their own budgets which has enabled them to admit children earlier than the date from which they became eligible for funding from the Local Authority. These are local arrangements and as such settings will clarify admission dates to parents accordingly.

Where can I access the Free Entitlement for my Child?

- Maintained (Durham County Council) nursery schools and nursery units.
- Children's Centres.
- Private, voluntary and independent day nurseries and play groups or childminders.

How do I obtain an Early Years Provision Place in a Private, Voluntary or Independent Setting?

You need to contact the providers directly and they will advise you if they have current vacancies or if there is a waiting list. You can obtain an up to date list of providers by contacting the Families Information Service (FIS) on Freephone 0800 917 2 917.

How do I obtain an Early Years Provision Place in Durham County Council maintained Nursery School or Unit?

We have maintained nursery schools and units throughout the County. These are listed at the back of this guide

In **Roman Catholic and Church of England Voluntary Aided Schools** the admission of children is a matter for the school governors. However, almost all Aided Schools follow our criteria for admission.

The majority of **Children with Special Educational Needs** can be supported at any nursery school, nursery unit or Early Years setting. Nursery provision is also available in certain Special Schools. Support for individual pupils is determined by us through Statutory Assessment procedures.

We have adopted principles in relation to the admission of children into its own Early Years Provision within Community, Voluntary Aided and Controlled nursery schools and units.

You can place your child's name on a waiting list for a Durham County Council maintained nursery school or unit at the beginning of the school year (1st September to 31 August) in which your child has his or her second birthday.

You will then need to visit the setting of your choice and you will be asked to complete and sign an application form (Form NA1). You will be handed a receipt (Form NA2), which confirms only that your details have been recorded. **It does not guarantee that your child will be given a place or that a place can be provided to meet your particular preference.**

How are places allocated?

If a maintained nursery school or unit does not have enough places, it may not be possible to offer your child a place there. In such cases, we will advise you about vacancies at other nursery schools or units in the area. You will also be given information about other settings.

Community and Voluntary Controlled Nursery Schools and Units

Places are allocated according to the criteria listed below:

● Children In Need

The Children Act 1989 defines a child 'in need' as:

a) He/she is unlikely to achieve or maintain, or to have the opportunity of achieving or maintaining, a reasonable standard of health or development without the provision of services by the Local Authority under Part 3 of the Act.

b) His/her health or development is likely to be significantly impaired, or further impaired, without the provision for him/her of such services.

c) He/she is disabled.

In addition, Durham County Council has determined that children of families where English is not the main language of the family will be considered under this criterion.

A maximum of two part-time nursery places are retained until the end of the Autumn half term in order to accommodate emergency referrals of children "in need" as defined in the requirements of the Children Act, 1989.

● Children Transferring from One Nursery Setting to Another

Once a child has begun attending a particular nursery school/unit, it is usually in the child's best interest to remain at that nursery school/unit until transfer to the next phase of their education. However, where parents move house, for example, it may be impractical to remain at the same setting.

There may also be other exceptional reasons as to why a transfer from one maintained nursery school or unit to another would be appropriate, but this would be rare and subject to the agreement of the school following guidance from the Local Authority. Where possible nursery schools/units will aim to provide for children who have already started Early Years Provision.

● **The Two Year Old Free Entitlement**

Where a child has been accessing the free entitlement for 2 year olds in daycare that is directly associated with a maintained nursery school or unit, for a minimum of 15 hours per week for two terms immediately prior to the child becoming eligible for free entitlement, they shall receive priority for admission to that maintained nursery school or unit in order to preserve continuity, providing that they also live within County Durham's administrative area.

● **Age**

The offer of a place will be prioritised according to date of birth. Normally, the earliest date your child can be accepted for Early Years Provision is at the age of 3, although some 2 year olds can access the free entitlement. Where applicants have the same date of birth, priority will be given to the earliest date of application.

● **Children Living in Other Authorities**

Although there are no catchment areas for places, preference will be given to children whose parents live within County Durham's administrative area. Only when all children living within the boundary of County Durham have been allocated a place, may a child living in a neighbouring area be offered a place.

When your child has been offered a place you will receive notification to advise you, signed by the head teacher (Form NA3).

Equality

All entitled children (regardless of race, gender, religious belief or affiliation, intellectual or physical ability, social or cultural background) have equal access to Early Years Provision places.

Moving on to Statutory Education

The offer of a place in a maintained nursery school or unit attached to an infant or primary school does not entitle a child to a place, nor entitle them to a greater priority for a place, in that school for the period of a child's statutory education.

The Autumn term before your child is due to start in reception class, you must complete a separate application form for the school you would prefer your child to go to. Forms and admission booklets are available in the Autumn Term (September to October) either from schools or the Admissions and Transport Entitlement Team based at County Hall and must be returned by the stated deadline date. The Admissions and Transport Entitlement Team can be contacted by ringing 0191 383 4490/4574.
