

County Durham

Families Information Service

Do you know that the FIS can offer an extra helping hand if you're struggling to find childcare?

Supporting Parents...Supporting Families

The Families Information Service will always try to find you childcare solutions that meet your needs. However if we cannot immediately give you information on the type of childcare you require we can provide you with additional help and one to one support.

We are able to work with you on an individual basis and can contact providers on your behalf and try to find a solution to meet your needs. We are also able to make appointments for you to visit services and can support you on these visits.
